

DESCRIPTION

Parking signs are mainly used in parking lots with multiple floors and more parking spaces. It is usually installed at the entrance of the parking lot, and can be flexibly set according to the area or floor divided by the parking lot. The number of free parking spaces is displayed in real time in the form of numbers and texts throughout the day. It gives a visual direction guide for the car owners who are about to enter the park, making it more convenient and easier for them to find a parking space

FEATURES
